---

**AABB @AABB**

How do pathologists and laboratory scientists contribute to #patientsafety? Join the discussion with Dana Bostic, MBA, MSHS, MLS(ASCP), @ThatLabChick, at 1 pm ET today. #AABBPEPTalk

---

**AABB @AABB**

Laboratory medicine accounts for the highest volume of tasks conducted in a health care setting. Join today's #AABBPEPTalk with Dana Bostic, MBA, MSHS, MLS(ASCP), @ThatLabChick, on bringing medical lab professionals out of the shadows.

---

Already excited for the next @AABB #AABBPEPtalk! Thanks to @ThatLabChick for a great session! #LabWeek

Dana Bostic @ThatLabChick 19 hours ago
@knwachter @AABB @KUMedCenter Sure! In #simulation we're able to recreate or mimic the real clinical environment by providing learners an opportunity to hone their clinical skills, engage in #interprofessional collaboration, & practice responding to emergent cases. Example-MTPs, Emergency Release #AABBPEPtalk

@KreuterMD @AABB @laposata_mike A4 The "Lab" image requires a complete transformation to cause a shift in public perspective. Are we automatons, camouflaged within the machines, or are we individuals that synthesize and interpret information, engage and effectively communicate key information? #AABBPeptalk https://t.co/hoFnck21Dp
