   3.1 Elements of Control ............................ 11
   3.2 Qualification of Equipment ...................... 11
   3.3 Equipment Monitoring and Maintenance ........... 12
   3.4 Equipment Traceability .......................... 13
   3.5 Information Systems .............................. 13

4. **AGREEMENTS** .................................... 15
   4.0 Agreements ..................................... 15
   4.1 Agreement Review ............................... 15
   4.2 Changes to Agreements ........................... 15
   4.3 Agreements Relating to Cellular Therapy Products .................. 15
5. PROCESS CONTROL .................................................. 28

5.0 Process Control .................................................. 28
5.1 General Elements ............................................... 28
5.2 Process and Procedure Development and Change ......... 30
5.3 Outcomes Data ................................................ 32
5.4 Quality Control ............................................... 33
5.5 Materials Management ...................................... 33
5.6 Methods and Operational Controls ....................... 36
5.7 Product Identification and Traceability ..................... 38
5.8 Labels, Labeling, and Labeling Controls ................ 40
5.9 Transport and Shipping ...................................... 42
5.10 Inspection and Testing of Products ....................... 43
5.11 Storage and Preservation ................................ 45
5.12 Donor Evaluation ........................................... 46
5.13 Medical Management and Emergency Care of Donors 57
5.14 Procurement ................................................. 58
5.15 Procurement Endpoints .................................... 61
5.16 Packaging .................................................... 61
5.17 Processing .................................................... 62
5.18 Storage of Noncryopreserved Products ................. 64
5.19 Cryopreservation ........................................... 65
5.20 Expiration Dates and Stability of Products ............. 67
5.21 Discard and Disposal ....................................... 67
5.22 Evaluation to Make a Product Available for Distribution 68
