

## **FDA Recognized Full-Length Blood Donor History Questionnaire (DHQ) v2.1**

### **AABB ACCREDITED BLOOD COLLECTION FACILITIES SHOULD USE THE FOLLOWING FDA RECOGNIZED DHQ v2.1, *with PrEP/PEP/ART*:**

- This DHQ v2.1 is consistent with the recommendations of [Association Bulletin #20-04](#);
- Assesses donor eligibility for individuals taking antiretroviral medications to prevent sexual transmission of human immunodeficiency virus (HIV), or for treatment of HIV infection:
  - Pre-exposure prophylaxis (PrEP)
  - Post-exposure prophylaxis (PEP)
  - Antiretroviral therapy (ART)
