

Advancing Transfusion and
Cellular Therapies Worldwide

COVID-19 Convalescent Plasma Resources

-last updated August 25, 2020

QUICK LINKS:

- [COVIDPlasma.org](https://www.covidplasma.org) - This site is AABB's primary resource to educate interested donors, the health care community and the public on the rapidly evolving therapy of COVID-19 convalescent plasma. This site is brought to you by AABB. [AABB](https://www.aabb.org) (formerly known as the American Association of Blood Banks), is an international, not-for-profit association representing individuals and institutions involved in the fields of transfusion medicine and biotherapies. AABB's community – comprising of blood centers, hospital blood collectors and transfusion services – is committed to advancing optimal donor safety and patient care.

 - On August 23, 2020, FDA issued an [Emergency Use Authorization](https://www.fda.gov/emergency-preparedness-response-recovery/updates/emergency-use-authorization-covid-19-convalescent-plasma) for COVID-19 Convalescent Plasma
 - AABB has created a [Toolkit for COVID-19 Convalescent Plasma \(CCP\) under Emergency Use Authorization](#) (EUA) to assist collectors and clinicians in understanding the new information and changes.
 - **This toolkit will be updated as additional information is released by FDA. The rapidly evolving information related to the Emergency Use Authorization for CCP is expected to result in updates, including changes to the:**
 - FDA's May 1, 2020 [Investigational CCP Guidance for Industry](#), and
 - FDA's webpage, [Recommendations for Investigational COVID-19 Convalescent Plasma](#).

 - [ICCBBA Codes](#) for COVID-19 Convalescent Plasma
