AABB 2023 Annual Meeting Content Peer-Reviewer– Financial Relationship Disclosures

In keeping with Accreditation Council for Continuing Medical Education (ACCME) standards for commercial support, AABB asks everyone who is in position to control the content of a continuing medical education activity to disclose all relevant financial relationships with ineligible companies. ACCME defines an ineligible company as any entity producing, marketing, re-selling or distributing health care goods used on or by patients. (Providers of clinical services directly to patients are not ineligible companies). A relevant financial relationship is a relationship in any amount occurring within the previous 24 months. Relevant financial relationships reported by faculty will be disclosed at the beginning of all continuing education sessions. Below are the relevant financial relationships reported by the AABB 2023 Annual Meeting content reviewers.

The following content reviewers report not having any financial relationship with any ineligible companies during the past 24 months.
