

Association for the
Advancement of
Blood & Biotherapies

Institutional Member Benefits

Connect your facility or organization with the professional community advancing blood and biotherapies, and enjoy the benefits of AABB institutional member benefits. Through these options, organizations support the field, stay informed, engage with experts, and access resources that support their teams and their work.

Membership benefits include:

- One professional membership for the institutional contact*
- Voting rights for your institution (one voting delegate)
- Two new professional members at a 30% discount (new members only)
- Member pricing for AABB education programs and publications*
 - Including the **AABB Annual Meeting, online education, courses, certificates** and **publications***
- One digital subscription to *Transfusion* Journal and *AABB News**
- Single access to *Weekly Report* and *AABB News Flash**
- Single access to member-only content on the AABB website*
- Eligibility for the institutional contact to serve on AABB committees*
- Eligibility to participate in the **National Blood Exchange Program**.

**Benefit available only to institutional contact*

**Advance your staff with AABB. Receive 30% off the first year of
AABB individual membership for two new members.**
