

**AABB's *DRAFT* Blood Donor History Questionnaire Version 3.0 (DHQ v3.0) and Related Materials
sent to FDA for Formal Review and Acceptance**

These *DRAFT* documents:

- Are posted *for planning purposes only and must not be considered final*.
- May change as a result of FDA's review.
- May not be implemented until formally recognized by FDA as acceptable for use.
- Once the review is completed, FDA will issue a level 2 guidance to formally recognize the DHQ v3.0 and Related Materials as acceptable for use. This will be announced by AABB and the final documents will be posted on the website where they will remain publicly available for use by blood centers regardless of AABB membership or AABB accreditation status.
