

AABB Consulting Services, a division of AABB, has more than 50 years of history and experience as a leader in developing innovative strategies and solutions in the fields of transfusion medicine and biotherapies. Our innovative assessment methods are effective in identifying specific challenges and opportunities unique to each facility. AABB experts provide exceptional results while guiding clients to achieve sustainable goals.

Portfolio of Services

QUALITY MANAGEMENT SYSTEM DESIGN AND IMPLEMENTATION

With AABB's Quality System Essentials as the framework, we custom-design your quality management systems to include GMPs, customer requirements and process excellence.

REGULATORY AND ACCREDITATION ASSESSMENTS

We provide regulatory assistance for your BLA submissions. We utilize our experience with FDA, CLIA, AABB, FACT and ISO regulations and standards to provide the guidance you need for compliance.

PROCESS IMPROVEMENT

We are your third party auditors to outline any issues and offer corrective and preventive action recommendations. Our certified quality auditors are impartial and will identify opportunities for continuous improvement in operations and patient safety.

TRAINING AND DEVELOPMENT

We offer custom training programs, tailored to meet the needs of all management and staff levels, fulfilling each facility's specific learning objectives.

Recent Accomplishments

- Completion of third-party audits for biotech, and compliance audits for donor centers and clinical laboratories.
- Educational program series on Accreditation, Standards and Systems Validation, sponsored by AABB Corporate Partner.
- In collaboration with Asian Association of Transfusion Medicine (AATM), launched Quality Certificate Program in 2021, based on AABB Fundamental Standards for Blood Collection and Transfusion. A Spanish version is forthcoming.
- Coordinated Ask the expert sessions to support growth and strategic planning efforts.

Testimonial

"It was a very important and beneficial consultation to both the organization and at an individual level. The AABB consultant effectively shared her valuable experience with us and effectively communicated the AABB standards tailored to our facility. AABB Consulting Services has been recommended to others."
