

Perioperative Standards Committee

CHAIR: Xiomara Fernandez, MD

PURPOSE: To develop and update perioperative standards.

- CHARGES:**
1. Obtain input and review existing requirements of Standards for Perioperative Autologous Blood Collection and Administration according to the revision schedule.
 2. In coordination with staff, revise guidance document for use in developing and publishing the Standards Source, creating records of rationales for changes existing requirements.
 3. Review and respond to requests for variances to or deviations from perioperative standards. Forward appeals to the SPC chair for assignment to the Review Committee. Include background information and recommendations as appropriate to assist the committee in its deliberations.
 4. Develop interim/emergent standards as needed for submission to the Board of Directors.
 5. Identify quality issues and concerns and forward to staff and the Standards Program Committee.
 6. Monitor the development of new technologies with potential application to relationship testing and develop or modify standards when appropriate.
 7. Coordinate with the Perioperative Accreditation Committee for development of an assessment tool when perioperative standards are finalized.
 8. Respond as requested to standards questions from the membership in the program unit's area of expertise.
