

## CABP Commission

- CHAIR:** Mrs. Mary Grable McLeod, CABP(H),MT(ASCP)SBB
- PURPOSE:** To establish and monitor the certification scheme and policies for the Certified Advanced Biotherapies Professional certification and to make determinations regarding essential certification-related matters, such as candidate eligibility, scope of exam content, exam scoring and item development.
- CHARGES:**
1. Establishing, reviewing, maintaining, and overseeing the implementation of certification program policies, including (but not limited to):
    - a. Defining the purpose, target audience, and scope of the certification.
    - b. Establishing the policies for granting certification.
    - c. Establishing the policies for renewing/maintaining certification.
    - d. Establishing a code of conduct and policies for suspending or withdrawing certification, including the oversight of all disciplinary investigations and actions related to certificants.
  2. Establishing standing and ad hoc certification panels and appointing their members.
  3. Overseeing the development, maintenance, administration, and scoring of the certification examinations through oversight of its panels and independent volunteers in consultation with a psychometric testing consultant and in a manner consistent with generally accepted psychometric practices, including (but not limited to):
    - a. Overseeing periodic job analysis studies.
    - b. Approving the examination weighted content outline.
    - c. Providing oversight to examination development activities.
    - d. Approving the cut score/passing point for the examination based on the recommendation presented by the relevant panel.
    - e. Monitoring the performance of the examination form(s) and delivery modes.
  4. Giving due consideration to complaints and appeals (when elevated to the Commission).
